

RECYCLED PAPER ROLL FROG

You will need:

- Paper roll from toilet paper or paper towel
- Pencil or marker
- Scissors
- Paint, markers, crayons, stickers, or whatever you'd like to decorate your frog (or toad) with.

1

Gather all of your materials

2

Squash your paper roll so it lays flat. Draw this outline on the roll using a pencil or marker.

RECYCLED PAPER ROLL FROG

3

Using scissors, carefully cut along the lines you just drew. Have an adult help you if you need a hand!

4

Unflatten the paper roll and fold the head over. Now you have your frog's or toad's body

5

Using your art supplies, decorate your new friend however you'd like! If you'd like to create one of Utah's frogs or toads, it might be helpful to look at a photo for reference!
